The development of a subcommittee report that would baseline where Maryland stands with respect to other states could be one way of adding urgency to the recommendation. Miheer Khona took it as an action start a draft of such a report to see if this is a direction the subcommittee would want to pursue. Other suggestions were to expand the internship opportunities of students in Maryland state agencies and with Baltimore City.

Senator Hester noted that the Joint Committee has a hearing scheduled for December 4. The focus for the hearing has not yet been announced. She asked members to consider whether it would be useful to have the Joint Committee take up the issue of cyber education and workforce development as a vehicle for raising the profile and identifying policy needs that the subcommittee might examine.

3. The Senator closed the meeting by noting that there is strong context for the V X E F R P P L W W i s e p e r z R a i n e Kirwan Commission recommendations will receive considerable attention in the 2020 legislative session, and the attack on Baltimore City has once again shown how important cybersecurity is.
4. With no other business, the subcommittee adjourned at 4:30.
